Since moving to our “new” regional distribution center in 2008, the Food Bank of Northern Nevada has expanded in many ways after a period of very rapid growth, in order to meet the needs of the region that we serve. The past five years have shown us what we are capable of accomplishing during an extended period of economic crisis, requiring that we examine the way we operate to make sure that we are the most efficient we can be. We are extremely proud that with your help, we were able to serve between 89,000 and 101,000 people per month during the recession, through our many programs, services and partners.

We are proud to have delivered almost 15 million meals during FY 2014. We are thrilled that more than eight million meals were distributed through our partner agencies, which include emergency food pantries, shelters, youth and child care programs, senior centers and more. Children and youth in our communities were provided more than 250,000 healthy meals in the after school Kids Cafe program and close to 59,000 meals were served to children during the summer months. More than 158,900 weekend meals were provided to chronically hungry or homeless children through the Back-Pack Kids program. We are gratified to report that more than 1.4 million meals were distributed through our Mobile Pantry program (of which 85% were fresh produce) making Mobile Pantry a key part of the emergency food distribution system. In addition, we leveraged 3.4 million additional meals by helping connect eligible families with SNAP, the Supplemental Nutrition Assistance Program (formerly food stamps).

To guide our work in the future, we invested a great deal of time and effort this past year thoughtfully developing our strategic framework for the next decade of the Food Bank. Our new vision: Healthy food. Every person. Every day emerged spontaneously from these discussions. We know we must look beyond emergency food services to make that happen. Our vision includes opportunities for strategic partnerships with other service providers to maximize the impacts for our clients. We are very excited by what the future will hold.

We continue to be humbled at what we have been able to accomplish with your help. During the year, thousands of donations have combined to create tremendous impact in the lives of the struggling families we help every day. It is heartwarming to know that 5,102 people volunteered to make a difference in our communities, offering 23,351 hours of their time to improve the lives of others. We are honored to be your partner in this fight against hunger and we thank you for joining us.

Together we can solve hunger.

Gary Aldax
President, Board of Directors

Cherie Jamason
President and CEO
OUR MISSION: FEEDING THE HUNGRY TODAY AND SOLVING HUNGER FOR TOMORROW THROUGH COMMUNITY PARTNERSHIP
In 2013, the Food Bank of Northern Nevada embarked upon a process to chart its course for the next decade. Community listening sessions were held with clients, partners, stakeholders and leaders in order to better understand the current situation across the FBNN service area. Ultimately, four critical issues were identified:

**FEED: Program and Initiative Design and Evaluation.** In order to have maximum impact, the Food Bank will determine the proportion of work to be invested in short-term, mid-term, and long-term solutions for addressing hunger and food insecurity in the region, including improving long-term self-sufficiency and community sustainability. An evaluation system and culture will be built to provide continuous feedback on impact and effectiveness to respond to evolving community needs.

**EMPOWER: Partner / Network Capacity.** The Food Bank will focus on improving the capacity of our partners and entire network to move more food, engage local communities, educate and advocate, provide consistent programming, provide more effective communications, and building deeper partnerships.
LEAD: Awareness. Continuing to increase awareness about the issues of poverty, hunger and food security will improve our effectiveness in the fight against hunger and generate the resources, partnerships, and strategies needed for success.

EVOLVE: FBNN Internal Capacity. FBNN will continue to lead, pioneering new and emerging initiatives and strategies such as Food Systems, the Healthy Communities Initiative and Bridges to a Thriving Nevada (built upon the Bridges Out of Poverty constructs). Understanding our role and engaging strong partners in these initiatives is vital to achieving community health and solving hunger.

With the four critical issue areas providing context, the staff and board worked to revise the mission, vision, and guiding principles; and to develop FBNN’s Strategic Plan: 10-Year Framework for Action.

**Guiding Principles**

Dignity, Diversity and Respect. We value diversity, inclusiveness, and equal treatment, and demonstrate caring and helpfulness in all our interactions. We treat each other, our clients, partners and stakeholders with dignity and respect.

Accountable Stewards. We are faithful stewards of the community’s trust and resources. We demonstrate accountability and the highest level of integrity.

Access to Healthy, Nutritious Food. We believe access to healthy, nutritious food is a basic human need. We are committed and passionate about getting food to people and communities in need, as we work to solve hunger.

Results Orientation. We are catalysts for sustainable change. We offer services in a manner that works to solve hunger across a variety of systems. Our programs and services are designed, delivered, measured and revised to best respond to the changing needs of the community.

Community and Collaboration. We believe hunger is best solved with many hands. We seek first to understand community needs and then we partner to remove barriers and address needs in a holistic way.

Servant Leaders. We are servant leaders. Through our leadership we encourage, support and enable team members, partners and communities to develop their full potential and abilities.

Together, the mission, vision and guiding principles describe the philosophy of the organization and inform the process of the ten year strategic action plan.

**Goal 1:** Implement programs that address the immediate need for food and promote long-term health and food security in households and communities throughout the Food Bank’s service area.

**Goal 2:** Promote the Food Bank’s partner agency network effectiveness and sustainability.

**Goal 3:** Increase stakeholder awareness about hunger and understanding about how the Food Bank works in partnership to solve hunger.

**Goal 4:** Actively advocate for public policy that supports the Food Bank’s mission.

**Goal 5:** Continuously work to improve the Food Bank’s accountability, effectiveness and sustainability.

**Goal 6:** Implement a fund development plan to generate the financial resources needed to accomplish our mission and sustain our organization.
Volunteers

The Food Bank of Northern Nevada has the most dedicated and wonderful group of volunteers around. Groups, organizations, individuals, and businesses all chip in to offer the equivalent of 11 fulltime employees with their service. The entire organization is humbled by their dedication and extremely proud of their efforts.

In 2013-2014, there were 5,102 individuals who offered 23,351 hours of service. Here is a breakdown of how they helped us feed those in need in our community.

Programs and Initiatives

Food Distribution through Partner Agencies
Our partner agencies are really the boots on the ground in the fight against hunger. Numbering over 130, these partners are emergency food pantries, shelters, family resource centers and others who get food to the hungry all over our 90,000 square mile service area.

Mobile Pantry
The Mobile Pantry program is a direct service program that allows the Food Bank to distribute perishable foods such as fresh produce into high need neighborhoods. The neighborhoods are many times selected using the free and reduced school lunch numbers to target children and families in need.

Back-Pack Kids
The Back-Pack Kids program offers weekend food to chronically hungry or homeless children distributed through certain schools. Without these weekend meals, children return to school on Mondays unable to settle down and learn. The Back-Pack Kids program is supported entirely by donations from our community.

School Food Pantries
The school pantry program targets older children who may also be missing meals. School pantries have the benefit of helping the entire family, who are probably also in need. Schools, counselors, teachers and the school district are vital partners in school pantry programs.

Kids Cafe
Kids Cafe is a program that offers free meals to children after school and in the summer when they are out of school. Kids Cafe meals are available to all children between the ages of 1 and 18 and are always free.* This vital program aims to fill the outside-of-school nutrition gap for children who rely on free meals at school. Kids Cafe meal programs operate at more than 25 sites during school and during the summer.

*In accordance with federal law and USDA policy, the Food Bank of Northern Nevada is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. To file a complaint of discrimination, write USDA, Director, Office of Adjudication, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call toll free (866) 632-9992 (voice). Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339, or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.
Nutrition Education
The Food Bank’s commitment to ending hunger in our region includes a belief that knowledge is power for the families in need. The nutrition education program at the Food Bank of Northern Nevada teaches adults and children about nutritious food choices, simple food preparation, safe food handling, getting the most nutrition with a limited food budget and increasing physical activity for healthy living. The program includes Food Smarts, a six lesson course for children in after-school programs in low income schools; Smart Shopper, a class for adults on making the most from their food budget; and Nutrition on Wheels, offering nutrition tips, recipes, and even samples right at Mobile Pantry sites.

Commodity Supplemental Food Program (CSFP)
This is a program that distributes monthly boxes of food to seniors in need. Boxes are distributed at many sites around northern Nevada and can include cheese, cereals, beans, rice or pasta and canned fruits and vegetables. CSFP is a USDA program and is also supplemented by the Mobile Pantry Program to offer perishable food to hungry seniors.

SNAP Outreach
SNAP (formerly food stamps) Outreach is a program that helps people get connected with SNAP benefits. SNAP Outreach workers assist the client with paperwork and also do the in-person interview required to qualify for benefits.

Bridges to a Thriving Nevada Initiative
The Bridges to a Thriving Nevada Initiative uses the Bridges Out of Poverty framework and community collaboration to combat generational poverty with a multi-pronged approach. Bridges provides tools that can be applied to any sector in our community that provide the understanding of how economic class affects a sustainable community. The initiative also includes a sixteen week program (Getting Ahead) for people from generational poverty that helps them to uncover the resources necessary to permanently exit poverty.

Food Systems
The Food Systems Initiative at the Food Bank of Northern Nevada involves work around food sourcing and identifying resources to make the most of a local food system. Food Systems projects include EBT at Farmers’ Markets, Community Gardens, Farm-to-School programs, Cottage Food Business Incubator and rural community gatherings to get all parties involved in a community food system to work together to find new solutions.

Service Statistics
During the fiscal year of 2013-2014, the Food Bank of Northern Nevada distributed more than 12.8 million pounds of food providing 14,467,189 meals to those who need them throughout the region. The following is a breakdown of meals and how they were delivered through a variety of Food Bank of Northern Nevada programs.
