The Food Bank continues the work of assisting families who are facing hunger in our region. The demand for our services remains extremely high and even with the signs that the economy is improving, an average of 95,000 people are helped each month by the Food bank of Northern Nevada and our many partner agencies.

We are proud that more than 13.9 million meals were distributed to families throughout our 90,000 square mile service area through emergency food pantries, shelters, child care programs, senior centers and direct service programs. The children and youth of our communities received more than 320,000 meals through Kids Cafe through the after school and summer programs. They received another 147,483 meals through school pantries and there were 58,690 meals distributed to chronically hungry and homeless children through the Back Pack Kids program for weekend food. More than one million meals were distributed to seniors in our area through the senior monthly box program (CSFP) and 2.4 million meals were leveraged through SNAP Outreach. Mobile Pantry brought 1.7 million meals of perishable foods to families with the majority of those meals being fresh produce.

We know that many clients we help are making difficult choices every day. They may need to choose between paying their rent and buying food. They have to choose between medical care or medicines and buying food. Food is the variable expense in a tight budget and your support helps the Food Bank keep families from having to make these difficult choices. With your help, we have been able to continue this important work and we are full of gratitude and hope for the future. Together we can solve hunger.

Jeff Ostomel
President, Board of Directors

Cherie Jamason
President and CEO
Mission
Feeding the hungry today and solving hunger for tomorrow through community partnership.

Vision
Healthy Food. Every Person. Every Day.
For the fiscal year of 2015-2016, 5,478 individuals gave the Food Bank of Northern Nevada 26,131.82 hours of their time. This amazing contribution allows the Food Bank to deliver more than 13.9 million meals to the children, seniors, families, and veterans who need them.

Volunteers help by sorting and packing food in the warehouse, assisting to distribute food through direct service programs such as Mobile Harvest, doing office work, and helping with events.

Programs and Initiatives

Food Distribution through Partner Agencies
The majority of food distributed each year through the Food Bank of Northern Nevada is through our Partner Agencies. There are more than 135 organizations throughout our 90,000 square mile service area who distribute food to those in need. Partner Agencies are emergency food pantries, shelters, family resource centers and more.

Mobile Harvest
The Mobile Harvest program distributes fresh produce and other perishable food directly to clients in the neighborhoods where they live. Mobile Harvest is a direct service program of the Food Bank of Northern Nevada developed to increase the amount of fresh produce delivered to families who need it.

School Food Pantries
The school pantry program is a type of neighborhood pantry that is designed to target students and their families who are missing meals. School pantries are only possible with the support of the school districts, counselors, teachers and administrators who distributed food to 2,547 families throughout the year.

Back-Pack Kids
The Back-Pack Kids program offers weekend food to chronically hungry or homeless children distributed through the school districts. Without these weekend meals, children return to school on Mondays unable to settle down and learn. The Back-Pack Kids program provided 28,441 bags of food to 1,064 children this year and is supported entirely by donations from our community.

Kids Cafe
Kids Cafe is a program that offers free meals to children and youth when they are out of school. This can be an after school meal or a meal during the school breaks or during the summer time. Kids Cafe meals are available to all children between the ages of 1 and 18 and are always free.* This vital program aims to fill the outside-of-school nutrition gap for children who rely on free meals at school. Kids Cafe meal programs provided 320,428 meals to 6,924 children this year.
Nutrition Education
Helping people gain access to important nutritious information is the goal of the Food Bank’s Nutrition Education program. Information is provided on nutritious food choices, simple food preparation, safe food handling, getting the most nutrition with a limited food budget and increasing physical activity for healthy living. The Food Bank offers Smart Shopper, a class for adults on making the most from their food budget, and Nutrition on Wheels, offers nutrition tips, recipes, and even samples right at Mobile Harvest sites.

Commodity Supplemental Food Program (CSFP)
This is a program that distributes monthly boxes of food to seniors in need. Boxes are distributed at many sites around northern Nevada and can include cheese, cereals, beans, rice or pasta and canned fruits and vegetables. CSFP is also supplemented by the Mobile Harvest program and the Senior Supplemental Food program to provide food to 2,858 low income seniors.

SNAP Outreach
SNAP (formerly food stamps) Outreach is a program that helps people get connected with SNAP benefits. SNAP Outreach workers assist the client with paperwork and also do the in-person interview required to qualify for benefits. During the year 4,815 SNAP applications were submitted on behalf of families by the Food Bank.

Bridges to a Thriving Nevada Initiative
The Bridges to a Thriving Nevada Initiative uses the Bridges out of Poverty framework and community collaboration to combat generational poverty with a multi-pronged approach. Bridges provides tools that can be applied to any sector in our community that provide the understanding of how economic class affects a sustainable community. The initiative also includes Getting Ahead, a multi-week program for people from generational poverty that helps them to uncover the resources necessary to permanently exit poverty.

Collaboration for Clients
People who experience food insecurity are dealing with many additional issues that affect their lives and their ability to meet their basic needs. The Food Bank of Northern Nevada works with Truckee Meadows Healthy Communities to address other issues that are facing our clients. Working closely with entities closely related to jobs, housing, health and other factors, we can begin to build healthier communities in a more comprehensive way.

Service Statistics
During the fiscal year of 2015-2016, the Food Bank of Northern Nevada distributed more than 13.9 million meals to those who need them in the region. The following is a breakdown of meals and how they were delivered through a variety of Food Bank of Northern Nevada Programs
