The Food Bank continues the work of assisting families who are facing hunger in our region. The demand for our services remains extremely high and even with the signs that the economy is improving, an average of 95,000 people are helped each month by the Food bank of Northern Nevada and our many partner agencies.

We are proud that more than 14.1 million meals were distributed to families throughout our 90,000 square mile service area through emergency food pantries, shelters, child care programs, senior centers and direct service programs. The children and youth of our communities received more than 347,000 meals through Kids Cafe through the after school and summer programs. They received another 207,708 meals through school pantries and there were 80,724 meals distributed to chronically hungry and homeless children through the Back Pack Kids program for weekend food. More than one million meals were distributed to seniors in our area through the senior monthly box program (CSFP) and 2.4 million meals were leveraged through SNAP Outreach. Mobile Harvest brought 1.7 million meals of perishable foods to families with the majority of those meals being fresh produce.

We know that many clients we help are making difficult choices every day. They may need to choose between paying their rent and buying food. They have to choose between medical care or medicines and buying food. Food is the variable expense in a tight budget and your support helps the Food Bank keep families from having to make these difficult choices. With your help, we have been able to continue this important work and we are full of gratitude and hope for the future. Together we can solve hunger.

Deborah Braun
President, Board of Directors

Cherie Jamason
President & CEO
OUR MISSION:

FEEDING the HUNGRY TODAY and SOLVING HUNGER for TOMORROW through COMMUNITY PARTNERSHIP

OUR VISION:

Healthy Food. Every Person. Every Day.
This amazing contribution allowed the Food Bank to deliver more than 14.1 million meals to the children, seniors, families, and veterans who need them.

Volunteers help by sorting and packing food in the warehouse, assisting to distribute food through direct service programs such as Mobile Harvest, doing office working and helping with events.

**PROGRAMS & INITIATIVES**

**Food Distribution through Partner Agencies**
The majority of food distributed each year through the Food Bank of Northern Nevada is through our partner agencies. There are more than 145 organizations throughout our 90,000 square mile service area who distribute food to those in need. Partner Agencies are emergency food pantries, shelters, family resource centers and more.

**Mobile Harvest**
The Mobile Harvest program distributes fresh produce and other perishable food directly to clients in the neighborhoods where they live. Mobile Harvest is a direct service program of the Food Bank of Northern Nevada developed to increase the amount of fresh produce delivered to families who need it.

**School Food Pantries**
The School pantry program is a type of neighborhood pantry that is designed to target students and their families who are missing meals. School pantries are only possible with the support of the school districts, counselors, teachers and administrators who distributed more than 207,000 meals to families throughout the year.

**Back-Pack Kids**
The Back-Pack Kids program offers weekend food to chronically hungry or homeless children distributed through the school district. Without these weekend meals, children return to school on Mondays unable to settle down and learn. The Back-Pack Kids program provided more than 80,000 meals throughout the year to children in our area.

**Kids Cafe**
Kids Cafe is a program that offers free meals to children and youth when they are out of school. This can be an after school meal or a meal during the school breaks or during the summer time. Kids Cafe meals are available to all children between the ages of 1 and 18 and area always free.* This vital program aims to fill the outside-of-school nutrition gap for children who rely on free meals at school. The Kids Cafe meal programs provided more than 347,000 meals to children this year.
Nutrition Education
Helping people gain access to important nutritious information is the goal of the Nutrition Education program at the Food Bank of Northern Nevada. Information is provided on nutritious food choices, simple food preparation, safe food handling, getting the most nutrition with a limited food budget and increasing physical activity for healthy living. The Food Bank offers Smart Shopper, a class for adults on making the most from their food budget, and Nutrition on Wheels, that offers nutrition tips, recipes, and even samples right at Mobile Harvest sites.

Commodity Supplemental Food Program (CSFP)
This is a program that distributes monthly boxes of food to seniors in need. Boxes are distributed at many sites around northern Nevada and can include cheese, cereals, beans, rice or pasta and canned fruits and vegetables. CSFP is also supplemented by the Mobile Harvest Program and the Senior Supplemental Food program providing a total of more than a million meals to low income seniors.

SNAP Outreach
SNAP (formerly food stamps) Outreach is a program that helps people get connected with SNAP benefits. SNAP Outreach workers assist the client with paperwork and also do the in-person interview required to qualify for benefits. During the year families were connected with more than 1.7 million meals through SNAP applications submitted by the Food Bank.

Bridges to a Thriving Nevada Initiative
The Bridges to a Thriving Nevada Initiative uses the Bridges out of Poverty framework and community collaboration to combat generational poverty with a multi-pronged approach. Bridges provides tools that can be applied to any sector in our community that provide the understanding of how economic class affects a sustainable community. The initiative also includes Getting Ahead, a sixteen week program for people from generational poverty that helps them to uncover the resources necessary to permanently exit poverty.

PROGRAMS THAT WORK
We provide food for families and people facing hunger while striving to end hunger in our community.
