LETTER FROM PRESIDENT AND BOARD CHAIR

The Food Bank of Northern Nevada experienced a year not like any in its history. As we started our fiscal year on July 1, 2019, we never imagined that in the third quarter we would be catapulted into responding to a food crisis created by a pandemic. The need for food assistance in our region was already on the rise because of increased housing costs and higher cost of living expenses across our service area. Families struggled to meet their most basic needs because of very tight household budgets, and they faced an unexpected set back when, without warning, COVID-19 changed the economic landscape. The need for food assistance shot up 30% almost overnight, as businesses closed creating temporary or permanent unemployment situations for many. While families were impacted, so too were many of the systems upon which we rely. The food supply chain was drastically affected, but with your help, the Food Bank of Northern Nevada was able to respond and meet the need in our community.

We are so grateful for the immediate response resulting in an outpouring of community support during these challenging times. Unfortunately, we know that the recovery for those we serve will be a much longer road.

As we reflect upon the year, the Food Bank served an average of 106,000 people each month and in April 2020, we served a record-breaking number for this organization, more than 128,000 people served. We did not do this alone. The Food Bank's partnership with 147 agencies representing social and human services agencies, non-profit organizations, faith-based communities, school districts, healthcare organizations and many others made it possible for us to provide food to the far reaches of our service area.

We are proud that more than 20.9 million meals were distributed to families throughout our 90,000 square mile service area through our partner agencies and direct service programs. COVID-19 significantly affected children. With nearly 51% of children in Washoe County relying on the Free and Reduced Lunch program, as well as Kids Cafe and school pantries for meals, the shutdown of schools created barriers. The Food Bank in partnership with the school district provided more than 634,515 meals through Kids Cafe, which was more than double the number over the prior year, and 268,807 meals through school pantries. More than 985,000 meals were distributed to seniors in our area through the senior monthly box program (CSFP), and 682,416 meals were leveraged through SNAP Outreach. Mobile Harvest brought 3 million meals of perishable foods, with the majority of meals being fresh produce.

We are grateful for your partnership in helping us meet our mission and for the support you provide.

Together, we fight hunger!

Sincerely,

Nicole Lamboley
President & CEO

John Lipinski
Board Chair

COVID RESPONSE

The COVID-19 pandemic created an additional set of challenges throughout the communities we serve. Stay at home orders, school closures, and unemployment due to business closures contributed to an increase in demand for food assistance and caused supply chain disruptions and higher food costs. With less food being donated and increased demand, we purchased food at an unusual volume in an environment that was challenging to receive product when we needed it. We also adapted to the new physical distancing and mask requirements.

When the pandemic restrictions began, the Food Bank immediately changed our food and meal distribution models so we could continue to serve our neighbors facing hunger. With the help and support of our community partners, we were able to meet the growing need. We also had tremendous support from the Nevada National Guard who joined our team on the front lines at the height of the crisis.

Mobile Harvest fresh produce distributions were modified to provide both fresh and shelf-stable food and were relocated to larger parking lots, in order to accommodate a drive-through process. One day in April, we served nearly 1,000 households during a three-hour distribution. In the month of April, we served a total of 28,272 people through Mobile Harvest which was a record for the organization. Comparatively, In FY 19, we served an average of 7,763 people per month through this program.

To support our senior population, senior food box distributions moved to a drive-through model, and we increased the number of seniors eligible for home delivery services through a partnership with the Washoe Regional Transportation Commission (RTC).

Kids Cafe, which provides meals for children after school and during breaks, was impacted when spring break turned into schools shutting down. We secured waivers from the USDA (which partially funds the program) in order to provide multi-day grab-and-go meals for children. From March—June, we served more than 500,000 meals through this program.

Twenty-five of the 32 school-based food pantries remained open with the approval of the Washoe County School District and a modified distribution system. Parents were able to drive through the school parking lots and receive boxes of food, and, in some cases, they also received fresh produce.

"For a single senior without transportation, this program has been an absolutely life changing experience. I wouldn't have made it through this year without the Food Bank, RTC, and this weekly box of food. I can't express how much I would like to thank you and everyone involved in this process, you literally saved me."

-Steve

VOLUNTEERS

During the 2019-2020 fiscal year

5,095 INDIVIDUALS

gave the Food Bank of Northern Nevada

27,196

HOURS OF THEIR TIME

This amazing contribution allowed the Food Bank to deliver **20.9 million meals** to the children, seniors, families, and veterans who need them.

Volunteers help by sorting and packing food in the warehouse, assisting to distribute food through direct service programs such as Mobile Harvest, doing office work and helping with events.

PROGRAMS

Food Distribution through Partner Agencies

There are 147 organizations throughout our 90,000 square mile service area who distribute food to those in need.

Partner Agencies are emergency food pantries, shelters, family resource centers and more, delivering 14.9 million meals last year.

Mobile Harvest

The Mobile Harvest program distributes fresh produce and other perishable food directly to clients in the neighborhoods where they live. Mobile Harvest delivered nearly 3 million meals to families during the year.

School Food Pantries

School pantries are only possible with the support of the school districts, counselors, teachers and administrators who distributed more than 268,807 meals to families throughout the year.

Back-Pack Kids

The Back-Pack Kids program offers weekend food to chronically hungry or homeless children distributed through the schools. The Back-Pack Kids program provided more than 80,409 meals throughout the year to children in our area.

Kids Cafe

Kids Cafe is a USDA program sponsored by the Food Bank that offers free meals to children and youth when they are out of school. The programs are known through the United States Department of Agriculture federal nutrition programs as CACFP and SFSP. These two programs include an after school meal and meals during school breaks or during the summer time. Kids Cafe meals are available to all children between the ages of 1 and 18 and are always free.* This vital program aims to fill the outside-of-school nutrition gap for children who rely on free meals at school. Kids Cafe meal programs provided 634,515 meals to children this year, many through a grab and go model for safety during the pandemic.

Nutrition Education

Helping people gain access to important nutrition information is the goal of the Food Bank Nutrition Education program. The Food Bank offers Smart Shopper, a class for adults on making the most from their food budget, and Nutrition on Wheels, that offers nutrition tips, recipes at Mobile Harvest sites, and Seniors Eating Well, an evidence based curriculum specifically designed for seniors.

Commodity Supplemental Food Program (CSFP)

This is a program that distributes monthly boxes of food to seniors in need. Boxes are distributed at many sites around northern Nevada and can include cheese, cereals, beans, rice or pasta and canned fruits and vegetables. CSFP is also supplemented by the Mobile Harvest Program and the Senior Supplemental Food program providing a total of more than 985,969 meals to low income seniors.

SNAP Outreach

SNAP (formerly food stamps) Outreach is a program that helps people get connected with SNAP benefits. SNAP outreach workers assist the client with paperwork and also do the in-person interview required to qualify for benefits. During the year, families were connected with more than 682,416 meals through SNAP applications submitted by the Food Bank, which resulted in \$3.1 million in economic impact to the region.

Farmers to Families

In the midst of the COVID crisis, there was food that was rescued from famers that would have gone to waste because of the pandemic. This food made its way to Food Banks and families through a USDA program known Farmers to Families. The Food Bank of Northern Nevada was able to supply 333,866 meals to families through this program. The Food Bank of Northern Nevada partners with the Nevada Department of Agriculture and the United States Department of Agriculture to effectively administer nutrition programs to those who need them.

PROGRAMS THAT WORK

We provide food for families and people facing hunger while striving to end hunger in our community.

SERVICE STATISTICS

During the fiscal year of 2019-2020, the Food Bank of Northern Nevada distributed more than 20.9 million meals to those who need them in the region.

The following is a breakdown of meals and how they were delivered through a variety of Food Bank of Northern Nevada programs:

PROGRAMS	MEALS
Partner Agencies	14,905,616
Mobile Harvest	2,983,519
Back-Pack Kids	80,409
School Food Pantry	268,807
CSFP with Mobile Harvest	985,969
Kids Cafe	634,515
SNAP Outreach	682,416
Farmers to Families	333,866
Total Meals	20,875,119

*In accordance with federal law and USDA policy, the Food Bank of Northern Nevada is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. To file a complaint of discrimination, write USDA, Director, Office of Adjudication, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call toll free (866) 632-9992 (voice). Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.
