# LETTER FROM PRESIDENT AND BOARD CHAIR

---

Dear Friends of the Food Bank,

This has been a great year of reflection and relevant strides in not only meeting the nutritional needs of many of our neighbors but making sure that the right foods are making it to those we are assisting. We are seeing significant need for food assistance in our communities, and it is more important than ever that we put nutrition at the forefront of our goals and our work.

Over the year, we have ensured that 34% of the food distributed by the Food Bank of Northern Nevada is fresh produce, which is a key to health and nutrition. With fluctuations in the donated food we receive over the course of the year, maintaining a constant supply of fresh produce is a challenge that we know is worth the effort. We are so thankful to have received vital funding from the state of Nevada to help support food purchase for our communities.

Our Prescription Pantry program demonstrates that healthy food is medicine and provides the necessary data to demonstrate its importance in our communities, with 55% of patients with at least two A1C's drawn showing a downward trend in their numbers.

Our partner agencies remain the boots on the ground in this work with more than 150+ non-profits working every day to make sure that families have food on their tables. We focus on capacity building providing vehicles, and refrigeration, and bringing efficiencies to small organizations that seemed out of reach just one year ago. It is with your support and dedication that we continue this important work toward our vision—*Healthy Food. Every Person. Every Day.*

We look forward to the coming year celebrating 40 years of service to our community, as we reflect on the impact that we have had with your support. We invite you to join us for the next chapter as we Imagine Ending Hunger.

Sincerely,

Nicole Lamboley  
President & CEO

Letitia Anderson, M.D.  
Board Chair

# Imagine Ending Hunger

Every meal served, every caring food package delivered transforms lives. What began in 1983 as a small food pantry powered by passionate volunteers has grown into northern Nevada's leading hunger relief organization. As we mark our 40-year anniversary, we celebrate the countless lives we have changed together, and reaffirm our mission of putting an end to hunger across our region.

With record numbers of families reaching out to us for assistance, we still have a lot of work to do. We are investing more deeply in partnerships and efforts toward solving hunger for tomorrow. We must be more efficient, equitable, and impactful moving forward.

Our first step is forming The Oddie Project, in partnership with The Children's Cabinet. Together we share the goal of integrating services, resources, and necessary supports to improve the long-term social and economic well-being of individuals and families.

Food and feeding our neighbors will always be the mainstay of our work, but through enhanced collaboration with The Children's Cabinet and other partners, we can impact child care, workforce development and additional services that we can't offer alone. This transformative work is gaining traction, and we invite you to be at our side as we examine the boundless opportunities to deliver vital programs that nourish our neighbors and support healthy communities.

With the support of a state grant, the Food Bank has also been tasked with developing a rural food access hub in concert with our rural partners to improve how we provide food to our rural communities.

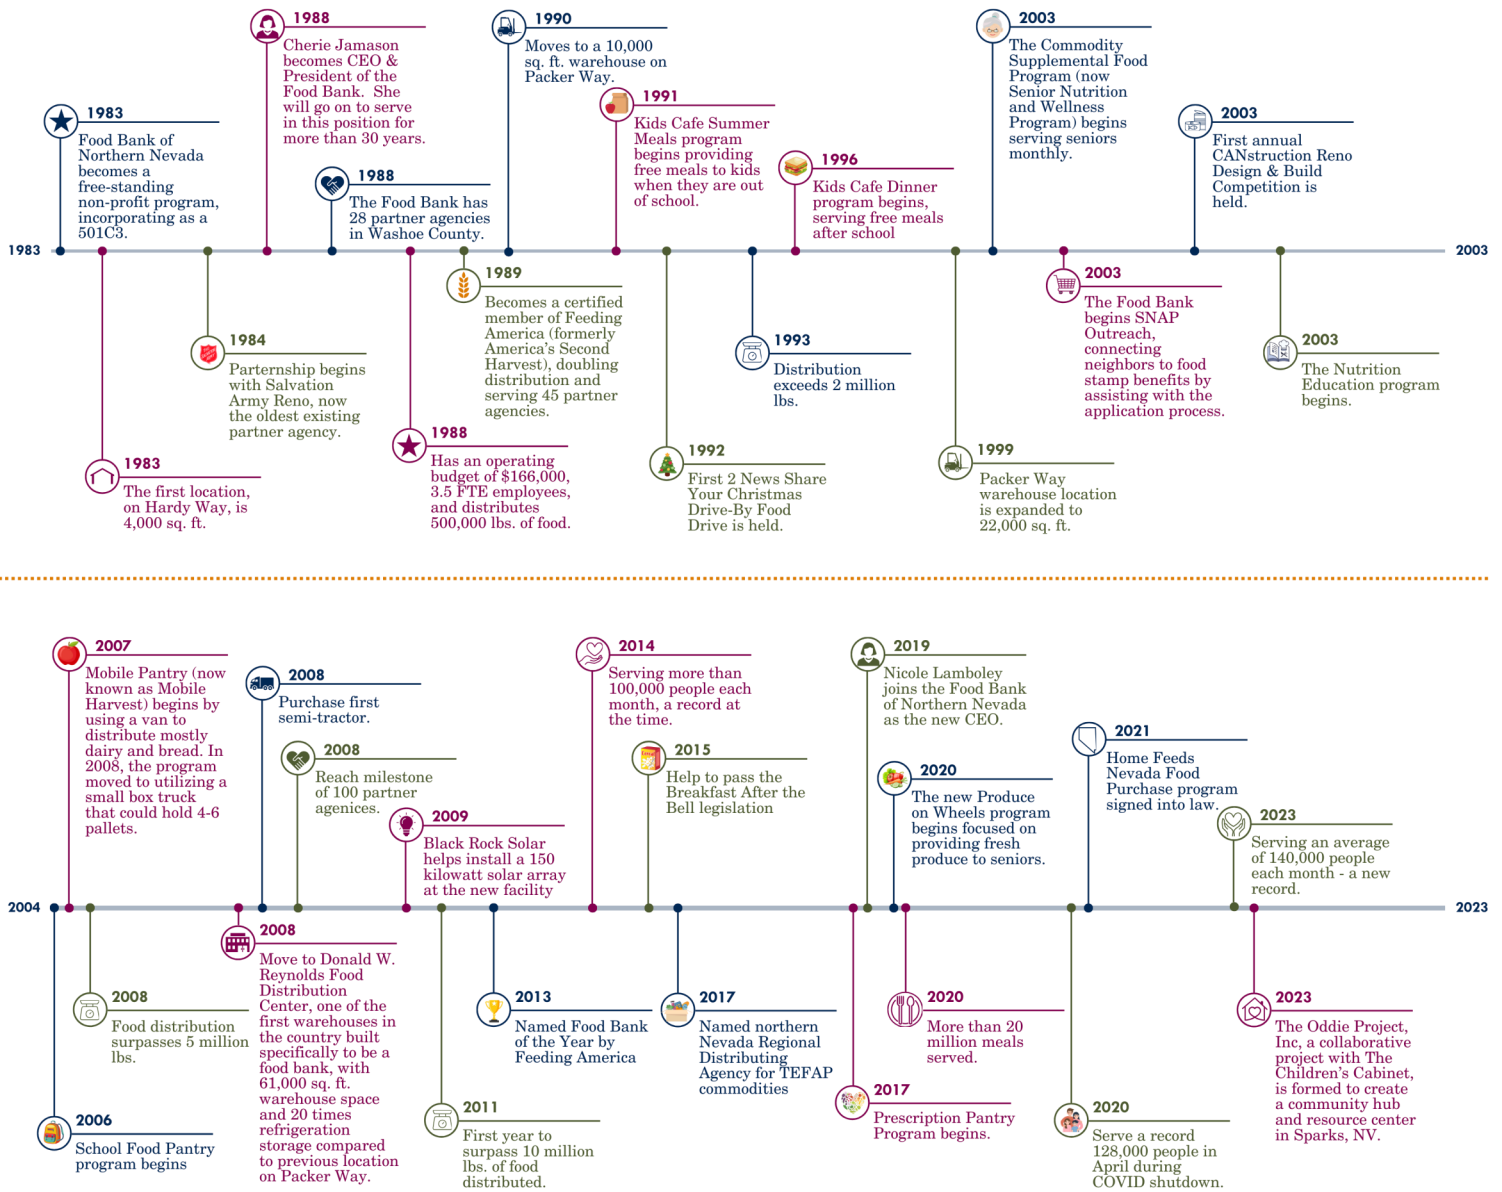

Forty years into the mission, our whole heart is fiercely committed to the cause. Thank you for always being there in support of our community. Together, we are marching boldly into the future to do more for our neighbors.

**“I try to buy a lot of produce at the store, but recently things have been getting really tight. It’s gotten more difficult to get the fruits and vegetables I love into my grocery budget.” -Susan**

**“For someone who  
 hasn't been in a  
 position before  
 where we've needed  
 the help and now  
 we're able to get it,  
 it's just a really  
 amazing thing.”
